## Amazing Facts Ph Launches the First Ever Online Bible School (Focused on the 3 Angels' Message) in the Philippines

With the challenge of bringing the gospel in today's online generation, Amazing Facts Philippines launched an innovative way of reaching many people through the web—the Online Bible School.

After it's launching on February 19, 2019 up to the time of this writing, the Online Bible School already have 62 enrolled students. Anyone can enroll and you can invite your friends too! Just tell them to visit [www.amazingfactsphilippines.org/enroll](http://www.amazingfactsphilippines.org/enroll).

The Online Bible School made Bible Study available to everyone, anytime and anywhere. After enrolling, online students can enjoy the Amazing Facts Bible Study Guides and take a self-checking quiz. The bonus? Students who complete all 27 quizzes will get a Diploma.

English lessons are available, for sure! But to cater all classes of people, Amazing Facts Philippines worked hard to provide Bible Studies in Philippines' major dialects such as Tagalog, Cebuano, Ilocano, Waray, and Hiligaynon. More dialects will be available soon.

A new field of evangelism, Digital Evangelism, also opened mission opportunities with the launch of the Online Bible School. A good number of PAFCOE graduates signed-up as Digital Evangelist even without any promise of compensation. Digital Evangelists are tasked to follow-up, encourage, assist, and mark the progress of the Online Students.

More Digital Evangelists are needed! PAFCOE Graduates can sign-up through this link: <https://goo.gl/forms/09iNxK5TroBniDPC3>.

## 2 Small Scale Seminars Reap 56 Souls

2 more evangelistic efforts are scheduled on March 15 to April 13 and another 2 on April 26 to May 25 this year.

While waiting for PAFCOE's next Evangelism Training Session on July 25, three of the PAFCOE's teaching staff were sent out to conduct prophecy seminars. Randy Balinton and Floramae Dejito (both teaching staff) led out a small-scale seminar in Daanbantayan SDA Central Church, Cebu; while Darlyn Cabarubias (teaching staff) and Sharon Caliso (PAFCOE graduate) led out another small-scale seminar in Kabankalan City, Negros Occ.

With a budget of just \$500 USD for each team, the 2 seminars simultaneously begun last January 23 and culminated last February 25. The LORD greatly blessed the efforts with 56 souls baptized. On top of this, the evangelistic teams also trained more than 40 church members on how to give Bible Studies.

Keep us in prayers! We want to do more and it's just our limited evangelism budget that's holding us back. Here's our donation link:
